

Free Modern wedding program compliments of BlueArgyle.com!

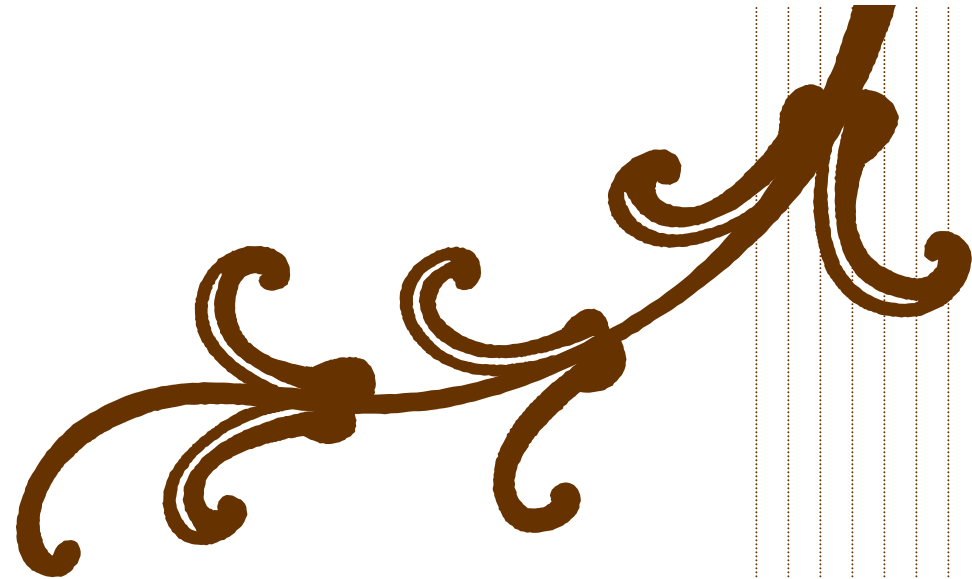

The following pages include a free wedding program we created.

**Instructions for a multiple page program:**

- Print page 2.
- Print page 3 on the reverse side of page 2.
- Determine where your print will be aligned and adjust the margins in the software you are using for each page you wish to utilize. Page 2 is a front and back cover and page 3 is the inside cover.
- Print your text over the free printed template (page 2 and 3).
- Print page 4.
- Print another page 4 the on the reverse of the first page 4.
- Repeat the previous two steps for each additional layer of pages.
- Determine where your print will be aligned and adjust the margins in the software your are using for each page you wish to utilize.
- Print your text over the free printed template (page 4).
- Fold your pages in half and arrange in the correct order. Use and all or hole punch at the dots guides to pierce a hole large enough to feed your ribbon through. Tie off your ribbon and your program is complete.
